

*Computer & Network Specialists
Serving Southwest Wisconsin Since 1993*

Your Southwest Wisconsin Business Technology Partner

Company Background

Applied Micro is a locally owned business established in Platteville, WI in 1993 to provide computer installation, training, service, and troubleshooting. Since that time we have added offices in Lancaster, WI and Dodgeville, WI. We have also grown to provide outsourced information technology services, networking, Voice Over IP phone systems and IP video solutions. We serve business, government, academic and private individuals in southwest Wisconsin.

Professional Services

Applied Micro's personal computer technicians are A+ certified and can service all makes of computers and printers. Our engineering staff holds current certifications including Microsoft Certified System Engineer (MCSE) and Professional (MCP), Citrix Certified Administrator (CCA), Citrix Certified Enterprise Administrator (CCEA) and 3Com Networked Telephony Specialist. We provide IT Consulting, Security Solutions, Network/Infrastructure Design, Voice/Data Integration, and Disaster Recovery.
