

## **Badger Machine Inc.**

Badger Machine was established on July 1, 1991 by Wayne Timmerman and Pat Heim. Combined they brought over 40 years of experience to their new business. The business was founded on continues to be operated on the concept of quality workmanship at reasonable costs.

Badger Machine's owners and employees take great pride in all aspects of their work from the smallest part to the largest machine.

We are located at 31 Insight Drive in the Platteville Industrial Park. This facility, which opened in 1993 is 9,000 square feet. In 2004 it was expanded to 15,000 square feet.
