

Millennium Three LLC

General Information – MIL-3 Precision Machining is a locally owned machining company that specializes in precision machined parts in quantities for production, service and prototype units. They produce products ranging in size from a fraction of a pound to a couple of hundred pounds. They are also capable of working with most materials in a wide variety of applications.

Brief History – Since 1980, MIL-3 has been servicing southwest Wisconsin's machining needs. The business originally started in Casseville, Wisconsin. They moved to Platteville in 1991 and then expanded their facilities to 20,000 square feet in 1998. Then in 2002 it was acquired from its original owner by George Konecny.
