George Krueger

## Science, Technology, Engineering & Math Symposium for Area High School Students (STEMposium) on Thursday, April 30

### STEM Education & Project Lead The Way

The Platteville Project Lead The Way Consortium and CESA 3 is sponsoring the STEMposium at 7:00 p.m. at the Governor Dodge Convention Center in Platteville on April 30. All interested parties are invited to attend.

This is a great opportunity to interact with STEM and Project Lead The Way students and support the programs. Mr. Mark Schroll, Project Coordinator for the Kern Family Foundation will be the keynote speaker. In addition STEM/Project Lead The Way scholarships will be awarded along with displays of student STEM Projects from Iowa Grant, Highland, Cuba City, Platteville and Southwestern High Schools. PAIDC is one of the sponsors of the scholarships.

**STEM Education is Vital** to the continued prosperity of Wisconsin and the nation. It is projected that 70% of all jobs in the United States will require skills in science, technology, engineering, and math (STEM). Area high schools are focusing on filling this need for STEM skills.

**Project Lead the Way (PLTW) is "Best Practice"** - Its rigorous, standards-based, project-focused curriculum helps to build the 21st Century STEM workforce pipeline that our businesses need to be competitive in a global market.

Mark your calendar and plan on attending the STEMposium on Thursday, April 30.

### Lifeline Wins Award

The Platteville Area Chamber of Commerce hosted its 46th Annual Celebration and Virtue Awards Program on Saturday, February 21, 2009 at the Arthur House in Arthur, Wisconsin. Scott Wright and Mike Mair of Lifeline Amplification were awarded the Business Person's of the Year award.

Lifeline Amplification operates their business in a newly expanded facility in the Platteville Industrial Park that houses their manufacturing and warehousing for their nationally distributed sound systems and Midwest based sound/video/acoustical/theatrical lighting business.

Congratulations to Scott and Mike on their award!

Scott Wright (with scissors) and Mike Mair (to right of Scott) of Lifeline cut the ribbon on the new manufacturing expansion back in 2008.

1625 E. Business Hwy 151—excellent access to 4 lane 151
